Kindergarten program must attend the 5 days.

Arrival Times:

Please arrive by 8:30am. We are an academic program that follows a daily schedule. We are not a drop off at any hour type of program. Children being dropped off at all times, will miss important parts of the day. The arrival process sets the stage for a complete and successful day. It can also be disruptive to the flow of the class when children arrive during activities that pull the teachers attention away from the class. If you have an appointment, please call to let the teacher know to expect that child at a later time.

Moving to Next Class:

Changing from the Infant & Toddler Center to the Preschool Program: This group of children will move during the school year based on their age. When a child turns 2 years old, they will move into the Preschool program
